WHAT IT DOES	<p>Sugar-based formula gently buffs away dry, flaky skin for softer, smoother lips. Helps polish and prep lips for effortless lip color application.</p>	<p>Preps and primes your lips. Wear alone for a perfectly moisturized pout, or layer other lip products over it for improved wear and application. The buttery smooth texture offers superior comfort, and the nourishing ingredients care for your lips.</p>	<p>Moisturizing gloss delivers a dimensional wet-shine finish, and plumps lips without the stinging like some other lip plumpers.</p>	<p>The lightweight, creamy, smooth formula provides a soft satin finish with rich, comfortable color. Buildable medium-to-full coverage.</p>	<p>Drenches lips in eye-catching shine and glimmering color and instant moisture. The smooth, lip-hugging texture provides hours of wear without feathering. Non-sticky formula offers buildable color, sheer-to-medium coverage and a lustrous glossy finish.</p>	<p>Long-wearing lipliner is formulated with rich pigments to provide vivid color with every line. Creamy formula glides on with precision and dries to a matte finish.</p>
